

Course Application for E-Cube-I Scholarship 2021

Course name	Bachelor of Science Program in Crop Production
Course Details	<p>This major intends to foster the person with basic theory, fundamental knowledge and common skills of crop production. Our graduate students are expected to engage in scientific research, agricultural education, crop production, technology development and management in plant science or related fields.</p> <p>The students of crop production majors will mainly learn basic theory and knowledge of botany, crop physiology, plant climate, soil and fertilizers, water management and cultural practices, cropping system, pests and their control, agricultural products marketing and practice skill in business farming or government's office etc. The students are required to well skill in the basic theoretical knowledge in each knowledge and statistical analysis software. Undergraduates will also have the basic skills of cultural practices, cropping system, pests and their control, harvesting and post-harvest technology, seed production, essential regulations and protocol for crop production</p>
Required-number of Undergraduate-Student	2
Required-number of Graduate-Student	-
Course conditions	<p>Applicants for bachelor's degree programs must have the equivalent of a High school with a minimum GPA equivalent to 2.0-4.0 grading scale.</p> <ol style="list-style-type: none"> 1. Basic theoretical knowledge of mathematics, statistic, chemistry, etc; 2. Basic theory of biological science and environmental science. 3. Learning in plant climate, soil and fertilizers, water management and cultural practices. 4. Learning in plant breeding and plant biotechnology. 5. Learning in the prevention, diagnosis and control techniques of plant diseases. 6. Proficiency in a foreign language.

	7. Competence to search the literature review, systematic thinking and practice ability.												
Applicant qualifications (Specific qualifications)	<p>Your <u>GPA (Grade Point Average)</u> is calculated using the grades that you received in each course, and is determined by the points assigned to each grade (e.g. for the US grading scale from A-F).</p> <p>General Requirements</p> <ul style="list-style-type: none"> ▪ High school transcript. ▪ International students must have the concurrence of a University Designated School Official (DSO) charged with compliance of Immigration guidelines. <p>Before starting a program, you need to have a basic knowledge of the English Language. The TOEIC/ IELTS/ TOEFL is administered in a paper format and measures your ability to use and understand English in a classroom setting at the college or university level. It accurately measures how well you can listen, read and write in English while performing academic tasks.</p> <table border="1"> <thead> <tr> <th>English Language Requirement</th><th>Required Score</th></tr> </thead> <tbody> <tr> <td>TOEFL (677) (Paper-based test)</td><td>≥ 420</td></tr> <tr> <td>TOEFL (120) (Internet-based test)</td><td>≥ 40</td></tr> <tr> <td>TOEFL (300) (Computer-based test)</td><td>≥ 120</td></tr> <tr> <td>IELTS (9)</td><td>≥ 3.5</td></tr> <tr> <td>TOEIC (990)</td><td>≥ 400</td></tr> </tbody> </table> <p>Remark : In case of having the result of the English Language Score Test. You will receive the special consideration.</p>	English Language Requirement	Required Score	TOEFL (677) (Paper-based test)	≥ 420	TOEFL (120) (Internet-based test)	≥ 40	TOEFL (300) (Computer-based test)	≥ 120	IELTS (9)	≥ 3.5	TOEIC (990)	≥ 400
English Language Requirement	Required Score												
TOEFL (677) (Paper-based test)	≥ 420												
TOEFL (120) (Internet-based test)	≥ 40												
TOEFL (300) (Computer-based test)	≥ 120												
IELTS (9)	≥ 3.5												
TOEIC (990)	≥ 400
